

Issues for children, young people and their families

- Meetings and multi-agency working
- Sustaining parental employment
- Access to and waiting times for CAMHS services
- Transition back to school
- Disagreements over the content of plans
- Amount of education provided whilst pupils absent from school

What makes a difference?

- Transparent and efficient communication across services especially in transition between child and adult health services
- Access to counselling in school – i.e. Place2Be
- Reducing isolation through peer support
- Flexibility and creativity
- Effective co-ordinators
- Inclusion units
